

DO YOU HAVE A GENERATOR TO SELL OR WOULD YOU LIKE TO EXCHANGE FOR AN UPGRADE TO A NEW MACHINE?

Diesel Electric Power is always looking for high quality used generators from commercial organisations, agents and companies in Ireland, UK and Europe. Our database of agents and buyers means we always have contacts seeking machines, so you are assured to be offered premium price for your used equipment.

Whether you are seeking to upgrade or your circumstances have changed and you no longer require your generator, we can advise and take care of everything with a comprehensive service.

We will carry-out a free professional assessment to evaluate:

- Valuation of generator
- Logistics plan
- Develop a project strategy and timelines for larger decommissions
- Recommendations and proposals on replacement machine

To ensure your business continuity is not affected, we will decommission your generator and take care of all logistics.
